

# 2018 Fourth Quarter and Year-End Processing

## Important Instructions – Please Review Carefully

The end of the year is upon us and we are busy preparing to calculate your Fourth Quarter, Year-End Tax Reports for the 2018 tax year. It is very important that you **review this entire document** so that you understand how the year-end process works.

Please note that your fourth quarter and annual tax reports will be sent to you via the e-mail address which you have been receiving your quarterly tax reports throughout 2018. Should you need to change this email address, please contact your Account Manager. Your Employee W-2s will be sent, via US Mail to your company address.

## 2018 Year End Processing Schedule

Unless you notify us otherwise, we will begin processing your fourth quarter, annual reconciliation returns and W-2's 48 hours after your last scheduled payroll of 2018 is processed. We will begin sending out year-end packets January 14, 2019, and should be completed by **January 25, 2019**. Your account will be billed with your last scheduled payroll of January with a base amount of \$69.00 (\$125.00 base for Inactive clients) and \$6.20 per W-2 or 1099. Below we have provided you with a checklist of special payroll entries that you may require. Please submit these entries with one of your company's regularly-scheduled December payrolls.

***\*\*\*Please keep in mind that employers are now required to remit all W-2s and 1099s to the SSA by January 31, 2019. Any changes submitted after January 25, 2019 will require W-2Cs and amended returns which are subject to additional fees.\*\*\****

### By 12/18/2018

- ❑ **2018 1099 Reporting** 1099 reporting information should be submitted no later than **12/18/2018**.
- ❑ **Group Term Life Insurance** – You may be required to include in wages the cost of group term life insurance (GTL) you provide to an employee for more than \$50,000.00 of coverage or for coverage that discriminated in favor of the employee. This amount is subject to Social Security, Medicare and withholding taxes. GTL must be done with a regularly-scheduled payroll run in 2018 so you must be sure that each employee has enough earnings to cover the additional taxes that must be withheld from that check. Please refer to IRS Publication 15-B for detailed instructions, <http://www.irs.gov/pub/irs-pdf/p15b.pdf>. Additional processing fees will apply if an additional payroll for GTL is processed.
- ❑ **Taxable Fringe Benefits** – The value of some non-cash fringe benefits must be considered income to employees. These benefits must be reported on Form 941, as well as on W-2s. These “fringe benefits” must be done with a regularly-scheduled payroll run in 2018 so you must be sure that each employee has enough earnings to cover the additional taxes that must be withheld from that check. If you require more information, please refer to IRS Publication 15-B which can be found on-line at <http://www.irs.gov/pub/irs-pdf/p15b.pdf>. Additional processing fees will apply if an additional payroll for fringe benefits is processed.
- ❑ **Employee Verification** – To reduce the need to re-print W-2s and possible IRS penalties that may result, you should have your employees verify that their mailing address is correct on their payroll check stub, as well as confirming that their name and social security number appear exactly as it does on their social security card. In an effort to ensure that we have accurate employee information in our system, we will notify you in the event that you have any employees whose name and social security number do not match. There will be an \$16.00 Administrative Charge imposed on your last invoice in December 2018 for this service.
- ❑ **Kind of Employer** – The Internal Revenue Service has released the 2018 form W-3 Transmittal of Wage and Tax Statements and the 2018 instructions for Forms W-2 and W-3. Box B includes a section for “Kind of Employer”, which includes five categories. All Filers are required to select one of the following: 501c Non- Govt./State/Local Non-501c/State/Local 501c /Federal Govt. /None apply. (Please indicate your type of organization on the Fax-Back Form).

**By 12/27/2018**

- ❑ **2018 Year-End Bonus Runs** should be submitted no later than 12/27/2018 in writing.
- ❑ **2018 Void/Manual Check** adjustments **CANNOT** be voided in a 2019 payroll run. Additional fees will be applied if checks that need to be voided are NOT voided with a regularly scheduled 2018 payroll no later than 12/27/2018.
- ❑ **2018 Reports on CD** If you have not already requested to have your 2018 Payroll and Tax Reports delivered to you on CD, contact your Account Manager for service fees associated with this valuable service.
- ❑ **2018 Record Retention Fee** Please note that there will be a \$50.00 Annual Record Retention Fee added to your last scheduled payroll of 2018. This service will archive all of your payroll, employee & tax information from the time that you commenced processing payroll with us.
- ❑ **2018 FUTA Credit Reduction** – As of now, employers in one (1) state (CA) and one (1) jurisdiction (Virgin Islands) will pay increased Federal Unemployment Tax (FUTA) retroactively for 2018, to repay state unemployment insurance loans due to the Federal Government. When states unemployment funds are depleted, as occurred in many states in recent years, states draw from a designated federal loan account. If such loans are not repaid within two or more consecutive years, employers lose this part of this FUTA tax credit, in effect increasing the FUTA tax rate for wages paid in affected states. The FUTA tax rate is 0.6% of wages paid, up to \$7000, or \$42 per employee per year. With this reduction employers may have an increase ranging from \$105.00 to \$47.00 per employee for the tax year 2018. (There will be a \$30.00 Administrative Charge for recalculating the liabilities on your last invoice in December 2018.)

**By 01/11/2019**

- ❑ **Disability Payments (Third Party Sick Pay)** Federal legislation requires the reporting of both taxable and non-taxable sick pay made to employees from a Third Party, as well as taxes withheld on those payments. These payments must be reported on the employee's W-2 and the employer portion of taxes paid. At the end of the year, your insurance company will send you a year-end report with all of your employees that were on disability during 2018. You must submit this report as soon as possible to GTM. We will need to verify that your payroll records match the figures from your insurance company. NOTE: Call your Disability Carrier to request this information as soon as possible. Make sure that you inform us (GTM) so we do not process your returns until your Third-Party sick pay has been processed. The final deadline for processing Third Party Sick Pay will be **January 11, 2019**. Please inform GTM if your Third-Party files Form W-2 to prevent duplication.
- ❑ **NYS Paid Family Leave** Pursuant to the Department of Tax Notice No. N-17-12, if you have an employee that received Paid Family Leave benefits in 2018, the benefits should be reported by the State Insurance Fund on Form 1099-G and by all other payers on Form 1099-MISC. Please contact your insurance carrier to confirm that they will be providing the 1099-MISC.

## **Items to Keep In Mind for 2019**

If the employee does not provide you a new Form W-4, you must withhold tax as if the employee is single with zero withholding allowances. For more information regarding Form W-4 you can visit <http://www.irs.gov/taxtopics/tc753.html>.
- ❑ **Employee Deduction Updates** – For deductions such as Medical, Dental, Life Insurance, 401(k), etc. please take note: If any of your employees are set up with an "active" catch-up deduction, both the regular 401(k) deduction and the catch-up deduction will automatically come out of the first pay of 2019. The rate is scheduled to be 6.2% for both employees and employers in 2019.

- ❑ **Qualified Retirement Plan Limits** – The Internal Revenue Service (IRS) has announced the 2019 dollar limitations for qualified retirement plans. The pre-tax limit that applies to elective deferrals to 401(k) and 403 (b) plans is \$19,000.00. The dollar limitation is \$6,000 for catch-up contributions for participants age 50 and over for 401(k), 403 (b) and 457 plans.
- ❑ **Employer-Provided Health Coverage Informational Reporting** – The Affordable Care Act requires employers to report the aggregate cost of coverage under an employer-sponsored group health plan. This reporting requirement is for employers who filed 250 or more W-2's in the previous year (2017). Your dedicated GTM Account Manager will contact you if your organization meets the reporting requirement to discuss implementation of the health coverage detail if you have not done so already.
- ❑ **Affordable Care Act Reporting** – Please be advised that GTM is ready to handle your ACA employer mandate reporting needs. There are penalties for non-compliance with the ACA's requirements. Please contact us today if you are in need of this service.

Some of the payroll runs that we have been outlined in this letter have special tax implications. Please check with your accountant as to how they should be handled. Be sure each employee has enough earnings for the taxes to be calculated and withheld from that check.)
