

# Our NEW isolved release goes live

September 23, 2022

Release 8.18 – is jam packed with exciting new additions!  
We are working hard to provide the best tools for you and your team.

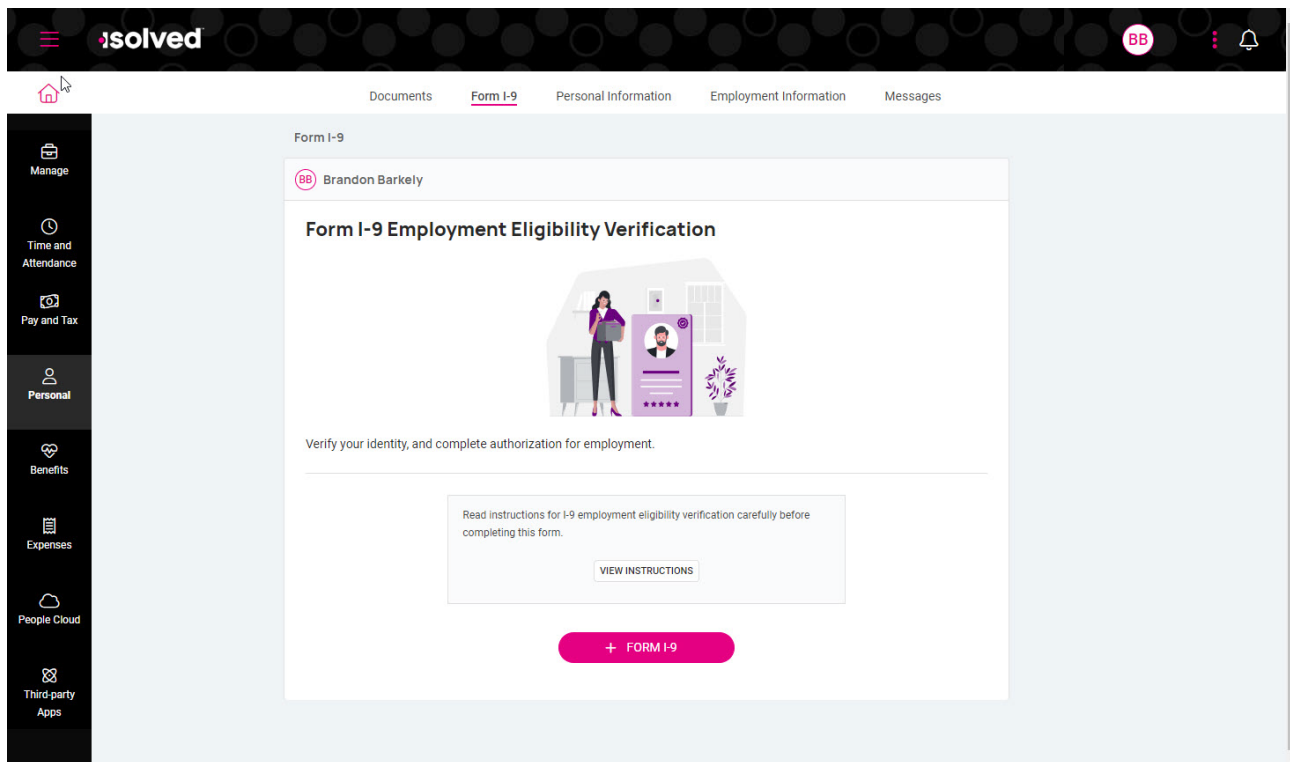

## In this release:

AEE I-9 Updates without Onboarding  
Expense Management Approve All  
isolved GO Mobile Application – End of Life

## Platform

### AEE – I-9 Updates without Onboarding

Clients who do not utilize isolved's Onboarding feature but still have a need for an employee to electronically complete their part of the I-9 can now have the employee use the Adaptive Employee Experience (AEE) to complete the I-9 from anywhere, at anytime on any device. The client simply enables the I-9 in the Adaptive setup to provide the ability for the employee to complete their I-9 under the Personal Information section of AEE.

## Workforce Management

## Expense Management – Approve All

Expense Approvers can now Approve Multiple or All Expenses at one time with a simple click. This will allow Approvers to quickly view and approve Expenses and decrease the time it takes from employee Expense entry to employee reimbursement.

The screenshot shows the 'isolved' logo in the top left corner. The navigation bar includes 'My Expenses', 'Team Expenses', and 'Tasks' (which is underlined). The 'Tasks' section on the left has three items: 'Action required' (with a blue highlight and a '2' in a circle), 'Returned', and 'History'. The main content area is titled 'Action Required' and features a pink 'APPROVE 2' button at the top left. A 'Select all' checkbox is at the top right. The list contains two items:

Name	Type	Amount	Date	Status
Thomas Barkely	Meal	\$25.00	Aug 1, 2022	<input checked="" type="checkbox"/>
Vinnie Chase	Meal	\$107.10	Dec 16, 2018	<input checked="" type="checkbox"/>

For a full listing of all maintenance items in the 8.18 release please visit your client landing page within the People Cloud Platform.

### Workforce Management Notice

## isolved GO Mobile Application – Functionality Disabled

As previously mentioned, effective 10/7/22 the isolved GO App will not longer function. When employee navigate to the GO App they will receive a message stating **"Unable to communicate with server. Please Try again."** The Adaptive Employee Experience allows employees to use the same functionality as the isolved GO App from their mobile device. The isolved Timeforce app will continue to function as it does today.
