South Carolina and West Virginia SOC

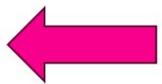

With the Q1 2024 Unemployment filing for South Carolina and West Virginia, the SOC will be required for all employees who work in either state.

Starting this release, we are encouraging partners and clients to start completing this information on the **Employee Management > Employee Maintenance > Jobs** screen as soon as possible to ensure all employees in these two states are updated before the Q1 2024 filing date. The isolved system will be updated to require these fields with the 10.3 release on 2/23/2024.
