Payroll Solutions for the Health Care Industry

The healthcare industry's focus on providing excellent patient care is directly related to effective labor management. Creating optimized schedules for efficient workforce deployment is critical to balancing patient care and overtime costs. Providing an employee self-service portal is important in boosting staff morale.

GTM has helped many health care and long-term care (LTC) facilities streamline their workforce management and data collection processes. In fact, nearly one third of nursing home and LTC facilities in Oklahoma use the GTM system to manage their workforce.

List of Challenges

- Manual collection of labor and job cost related data
- Effectively managing the controllable labor cost, including overtime
- Manual journal entries into accounting system
- Managing employee schedules and staffing requirements
- Providing a self-service portal to boost staff morale
