Payroll Solutions for the Retail Industry

Retailers constantly search for ways to enhance their customers' in-store experience while managing their largest controllable expense: labor. Retailers must effectively manage employee work schedules to enhance the customer experience.

GTM facilitates retail workforce management through access to real time labor information and by providing employees with self service options. Our complete line of products feature solutions designed specifically for retail organizations.

List of Challenges

- Manual collection of labor and job cost related data
- Effectively managing the controllable labor cost, including overtime
- Manual journal entries into accounting system
- Support multiple job / pay rates for employees
- Managing employee schedules and staffing requirements
- Providing a self-service portal to boost staff morale

What makes GTM different?

Our Team

With more than 400 years of combined payroll experience, GTM's team consists of professional employees who are insurance licensed, American Payroll Association CPP & FPC certified, and committed to our clients. This is evidenced in our team's participation in continuing education and certificate programs, ensuring our clients are always guaranteed to receive the best advice and service possible.

The Best Technologies

GTM provides businesses with 24/7 online access to account data, easy to use tools, and environmentally-friendly "green" payroll services. Our world-class data hosting center and multi-layered security controls help to prevent improper data usage and identify theft.
