

# Simplified Timekeeping for Household Employers

## HomePunch Mobile: A Practical Solution Designed for Busy Families

Introducing a completely automated, easy-to-use solution to track your employee's hours including overtime as well as vacation and time-off requests.

It's perfect for families with a nanny, senior care provider, housekeeper, or other domestic worker.

GTM's **HomePunch Mobile** lets your employee punch in and out and track their hours through a free mobile app available on Apple and Android devices. And you'll have quick access to records and reports online or through the mobile app.

It's the easiest way to streamline your timekeeping and eliminate errors from paper time sheets and manual data entry. Accurate timekeeping means you don't pay for hours not actually worked.

### With HomePunch Mobile

#### Your employees can:

- Clock in or out with just a few taps.
- Request time off.
- View work schedule, current hours worked and time-off balance.

#### As an employer, you can:

- Track location of your employees in real time.
- Assign or schedule your employees for jobs or shifts.
- Approve time-off requests.
- Receive alerts when an employee is approaching overtime.
- Sync time data with QuickBooks

### Pricing

- One-time setup fee: \$199
- \$30/month for one employee
- \$5/month for each additional employee
